Re: *Bakotic et al. v. Bako Pathology, L.P. et al.*; Civil Action No.: N17-C-12-337 WCC

Dear Adriana:

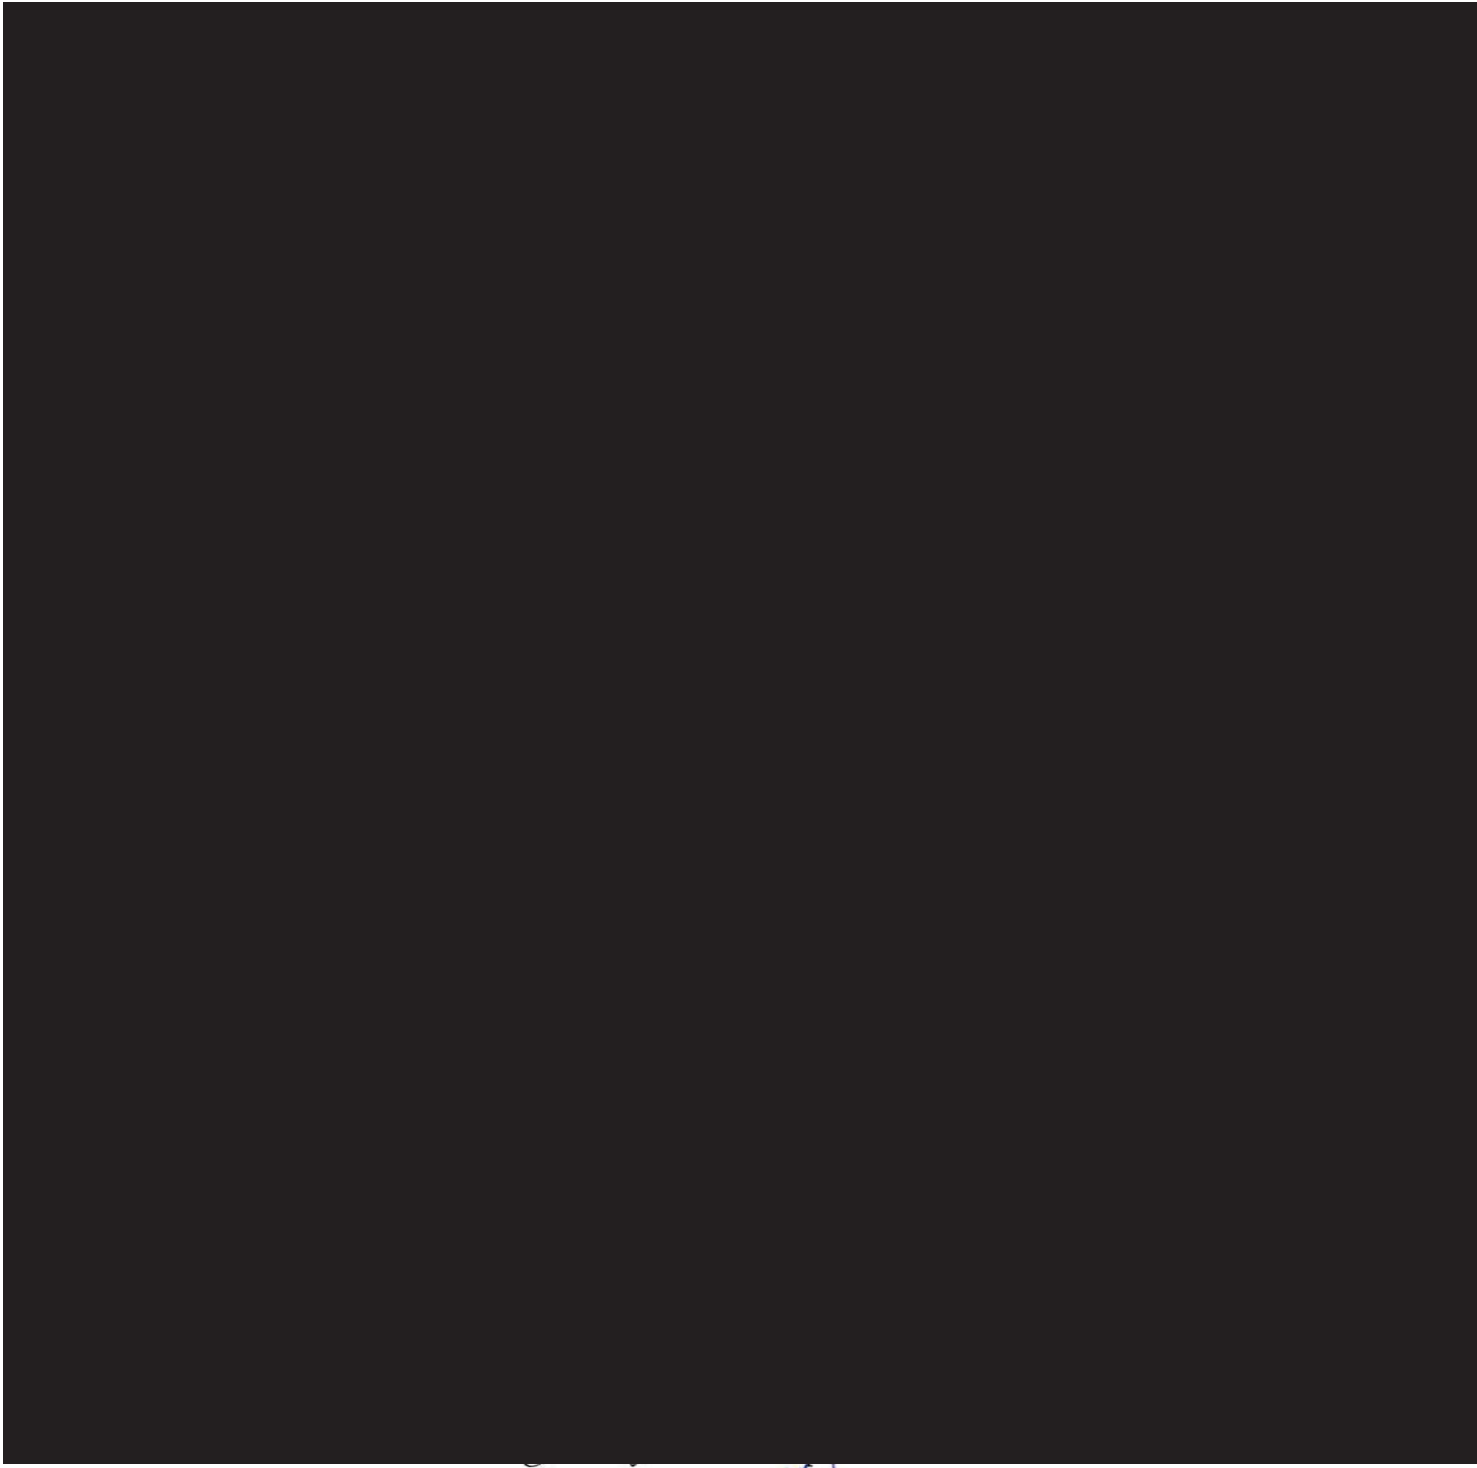

Drs. Bakotic and Hackel are not currently competing with Bako, regardless of what the company's unnamed (and perhaps imagined) sources claim. That will change if we do not reach resolution, however, because it appears that forcing Bako to seek an injunction is the only way to fast-track a disposition of this issue.
